Subject: The Campaign starts Here

Hello folks, Please see below the kick off for our campaign this morning. We would really like to get this up and running in Kinross. Can we meet or discuss soonest.

Regards ianC

Hello, No doubt many of you will have heard Nicola Sturgeon on BBC Scotland this morning essentially saying that the return of many separatist MP's to Westminster will be a great springboard to another referendum. The Scots have already said NO Thanks! but the voice of the majority is being ignored once again. Make no mistake, the separatists see the General Election campaign as just another campaign on their road to breaking up Great Britain.

It looks like we will have to fight again, over the next few months, to make our voice clear and listened to!

The fight starts here! Forward Together, an 'all party and no party' group will be fighting the separatists by encouraging voters to support candidates that are not intent on breaking up the Union. We must all think tactically to ensure that we deny the separatists their aim.

Initially we are looking for folk who are prepared to forward letters to the local press on relevant issues of the day, highlighting the dangers of nationalism. In our case this will include all the local papers in Perth and Kinross.

Please let me know if you would like to be part of this.

We will also shortly be leafleting various areas and will be looking for volunteer deliverers. Again, please let me know if you are able to do 1/2/3 streets in your area, so we can rebuild our delivery teams.

The big difference this time, is of course that we **know** we speak for the majority in Perth and Kinross

Be in touch soon. Regards Ian Campbell
